

Who We Are

- ✓ GlenOak Academy is a not-for-profit independent school. We prioritize emotional health and well-being, and we believe in an education that is not limited to the four walls of a classroom. These are just some of the values we have applied to the specialized SOAR program.
- ✓ Our educators are Ontario College of Teachers (OCT) certified. They hold additional qualifications in Special Education and FNMI education, among others.
- ✓ The students who attend our program were not seeing success in the mainstream system. A typical student of the SOAR program requires boosting of their skills and confidence to support their learning.

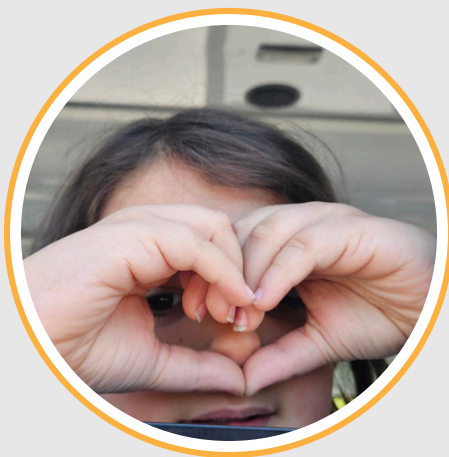

The SOAR Program has been profoundly beneficial to my son. It allowed him to truly grow and learn in a way that was needed. The education and educators that the program offers is what our children and community needs.

What We Do

- ✓ The SOAR Program follows the Ontario Curriculum to ensure we are mirroring the content and skills taught in mainstream schools. Moreover, we are committed to partnering with communities to ensure that Indigenous ways of teaching, learning, and knowing are integrated into our classrooms.
- ✓ Our mission is to embrace the pursuit of excellence both inside and outside the classroom. We encourage critical thinking and emphasize the learning process over rote memorization. We are committed to hands-on learning and culturally relevant content and practices.
- ✓ We cater programming to meet the needs of your community! We offer several different levels where you choose how much of our involvement you would like for your community. Ask us how we can make our SOAR program work for you!

Our Core Values:

3 SOAR Service Levels

Program Support
