

Pre-School through Grade

Why Choose Hitherfield School?

Our children love to come to school!

The Hitherfield student learns in an intimate, safe, happy, and challenging environment. Our programme is challenging and stimulating. It incorporates the idea of the child as an individual with his/her unique strengths, talents, and interests which need to be encouraged and cultivated. With the support of parents, our committed staff lead the student to become a confident, independent learner, eager to achieve his/he personal best in a rapidly changing world.

We believe that by nurturing respect, integrity, and tolerance, we empower the student to contribute positively and with compassion in the global community.

- > 3 minutes from the 401 and Guelph Line.
- > 12 minutes drive from downtown Milton.
- > 15 minutes drive from Hwy 6 North or South Guelph.

Curriculum

Hitherfield School is a co-ed, independent school for children from pre-school through grade 8.

Our curriculum is based on the belief that every child has ability and that given the right environment, each child will achieve his or her potential. We have high academic expectations of our students. Our aim is to prepare all students for high school, and for life.

Hitherfield School offers a unique experience where your child can learn inside and outside the classroom.

Pillars of our education programs include:

- > school trips within North America
- physical education classes include winter cross country skiing, on property and swimming classes in Milton
- > music and drama classes, yearly plays
- > nature hikes and water excursions
- > computer lab studies
- > French language classes

Class sizes average 14 students from JK-Grade 3 and 15 from grade 8-4. Small class sizes allow more intimate interaction between teacher and student so that more effective learning can occur.

Our Staff

The Hitherfield team is a group of highly qualified teachers, carefully selected to work with students. They are dedicated, hard-working, and strongly committed to the school and students. Each teacher derives a great deal of pleasure from their interaction with the children, and this enables them to create the caring educational environment that is Hitherfield.

Ann Scott B.A., B.Ed., OCT- Principal

Transportation

Busing is available free of charge from key points in Milton, Guelph and surrounding areas. For further information contact Hitherfield School office.

Testimonials

"From the very first moment of our initial visit to Hitherfield, it has felt like home to our son. The teachers and staff show a sincere and constant effort to help each child develop a strong sense of self, and of citizenship in a supportive and inclusive school community."

Janna and Craig Steele

"Our son says 'I love it a Hitherfield!' We echo this statement and feel that the education, happiness and well-being of the students at Hitherfield are truly the driving force of the wonderful school."

Amy and Mark Kovich
